

## Announcement on the Process for Leadership of Generation Equality Action Coalitions

Following the [announcement of the Action Coalition themes](#) on the 15<sup>th</sup> of January, this communique outlines the leadership criteria, process and timeline for the Generation Equality Action Coalitions.

### Who can become leaders of Action Coalitions?

Action Coalitions will be vital to a strong, vibrant and results-driven constituency of partners. UN Women is the overall convener of the Generation Equality Action Coalitions. Leaders of Action Coalitions will be comprised of the following:

- Member States (from the Global South and North)
- Women's organizations, movements and civil society actors (from the Global South and North)
- Private sector entities (including philanthropic organizations)
- UN agencies and other international or regional organizations (including Multilateral Development Banks)
- Youth-led organizations<sup>1</sup>

The composition of the leadership group for each Action Coalition will be flexible depending on the theme and the decision of the Core Group of Generation Equality.<sup>2</sup>

To enable both diversity and flexibility, there will be approximately ten leaders for each Action Coalition. This will include representation from both the Global South and North, alongside partners in decision-making: youth leaders, young feminists, and frontline advocates impacted by the theme. Specifically, it is envisaged that the leadership structure will be comprised of: a minimum of two Member States, a minimum of two representatives from Women's Movements and Civil Society (including grassroots women's organizations); youth-led organizations, networks or movements; representatives from the private sector and philanthropy; and a UN Agency or International Organization.

## 2020: A Transformative Year for Gender Equality

The **Generation Equality Forum** is a civil society-centered, global gathering for gender equality, convened by UN Women and co-hosted by the governments of Mexico and France. This global gathering will bring actors together, especially young people, to chart a path forward a fresh and bold feminist agenda and to create a multilateral gender-progressive partnership.

Action Coalitions reflect one of the objectives of the Generation Equality Forum: to achieve tangible results on gender equality during the UN Decade of Action (2020-2030) to deliver the Sustainable Development Goals.

Action Coalitions will be officially launched by Heads of State, civil society leaders, international organizations & the private sector during the Generation Equality Forum in Paris from 7-10 July 2020, with the announcements of public commitments. The selected themes of the Generation Equality Action Coalitions are:

1. **Gender-Based Violence**
2. **Economic Justice and Rights**
3. **Bodily Autonomy and Sexual and Reproductive Health and Rights**
4. **Feminist Action for Climate Justice**
5. **Technology and Innovation for Gender Equality**
6. **Feminist Movements and Leadership**

<sup>1</sup>Youth-led organizations, networks and movements institutionalize young people in leadership positions, actualizing the value that young people are the experts in their own lives. Youth-led organizations leverage their organizational mandates from their own lived realities, and their communities, and seek to engage in initiatives which are inclusive and transformative for young people and society at large.

<sup>2</sup>The Core Group is the decision-making body for the Generation Equality Forum. It is co-chaired by UN Women, France, Mexico and two representatives from civil society (from Global North and Global South).
